

# PAWFECT STAYS

## Our Story

A warm welcome to you,  
my 4 legged friends,  
I'm Teddy the Cockapoo.  
My pawrents own this hotel  
and you may catch me on a  
"bring your dog to work" day.

It took a while for me to convince my humans to have friends stay with me, since then we've never had a dog that spilt their coffee, played the TV too loud or got fake tan on the sheets... so if you can vouch for your humans, they can stay too!

My family pride themselves on being able to offer affordable accommodation and a friendly service in a picturesque location for everyone to enjoy. Newquay boasts some of the best coastline in the south west so we wanted to offer a safe haven for those wishing to stretch their legs: two & four-legged!

To make your stay more memorable, we have put together this booklet which details everything you need to know to enjoy a relaxing break here at the Carnmarth.

## Teddy's Top Tips

Your humans might be ready to relax and unwind but I know that you might not be, a walk on arrival will release any restlessness and excitement and allow you time to assess your new surroundings.

Remember to put your "do not disturb" sign on the door to prevent hotel staff entering and disturbing you.

Love Ted x

# My Favourite Walks

## *SW Coast Path – Fistral 3.5km / 2.2mi*

Exit the hotel via the pathway at top of the carpark, follow coastal path towards the left to Little Fistral, enjoy Little Fistral with your pooches, use path that takes you to the little pilchards hut on Towan headland, follow coastal path around side of the headland back to the beach, use the footpath beside the old Lifeboat station to walk the coast path in front of the Headland which leads to Fistral Beach, enjoy the stretches of Fistral before making your way home via Headland road.

Great for: seeing the best that Fistral has to offer, enjoying both beaches.

## *SW Coast Path – Huer's Hut – Harbour – Town 2.5km / 1.5mi* *(optional shorter route of 1.8km / 1 mi)*

Exit the hotel via the pathway at the top of the carpark, follow the coast path to the right towards the Atlantic hotel, stop off at the War monument, use the coast path to walk around the hotel via the iconic Huer's hut, follow the coastal path towards the town enjoying the breathtaking views across Newquay bay, you will arrive at the Harbour, once you cross the beach you can walk up the hill to bring you to the edge of town (shorter route now returns to hotel), walk through the center of town before returning via the way you came until you get to the top of Harbour hill, carry on straight and follow the main route back to the hotel.

Great for: sightseeing, shopping, visiting dog friendly bars and restaurants

# Hotel Petiquette

Whilst we do welcome well behaved dogs and their owners, we do have a few house rules:

- A well-bred dog should always carry themselves with dignity and wear their lead in public areas with pride to show off their attached owners.
- The eloquent hound never makes unwanted advances on another guest by approaching, jumping up or licking. Show consideration and be mindful that some guests may not be as fond of pets as your owners are.
- Pets must not be left unattended at any time.
- Pets must not go on the furniture.
- If you poop, you scoop! One's designated human should be on hand to dispose of any waste in the proper manner, extra waste bags are available at reception.
- Accidents and damage must be reported as soon as possible, and where necessary, must be compensated for.
- The breakfast room is our only "dog free" space, you are welcome to enjoy breakfast in our bar.

## The Small Print

Owners will be liable for any damage caused by their dog and we reserve the right to ask you to remove your dog from the premises at anytime.

Please enjoy your dog package during your stay,  
all we ask is that you leave for others to use on departure.
